A Mythology of Forms Carl Einstein 2019-12-26 The German art historian and critic Carl Einstein (1885-1940) was at the forefront of the modernist movement that defined the twentieth century. One of the most prolific and brilliant early commentators on cubism, he was also among the first authors to assess African sculpture as art. Yet his writings remain relatively little known in the Anglophone world. With *A Mythology of Forms*, the first representative collection of Einstein’s art theory and criticism to appear in English translation, Charles W. Haxthausen fills this gap. Spanning three decades, it assembles the most important of Einstein’s writings on the art that was central to his critical project—on cubism, surrealism, Pablo Picasso, Georges Braque, and Paul Klee, and includes the full texts of his two pathbreaking books on African art, *Negro Sculpture* (1915) and *African Sculpture* (1921). With fourteen texts by Einstein, each presented with extensive commentary, *A Mythology of Forms* will bring a pivotal voice in the history of modern art into English.

Expert Assessment of Experiential Learning Richard R. Reilly 1977 Principles and guidelines for the use of expert judgment of experiential learning are outlined. The report deals with a number of basic issues that apply to expert judgment, such as the role of the evaluator in defining criteria, and structuring the assessment procedure so that it will be reliable and valid. The importance of establishing objectively defined standards is stressed. Four methods of assessment are described: interviews, assessment of student products, performance tests, and assessment of written materials. A number of suggestions for the improvement of assessment and a discussion of problems to avoid are included. (Author/MV).

We Are the Brennans Tracey Lange 2021-08-03 **INSTANT NEW YORK TIMES BESTSELLER** In the vein of Mary Beth Keane’s Ask Again, Yes and Cynthia D’Aprix Sweeney’s The Nest, Tracey Lange’s We Are the Brennans explores the staying power of shame—and the redemptive power of love—in an Irish Catholic family torn apart by secrets. When twenty-nine-year-old Sunday Brennan wakes up in a Los Angeles hospital, bruised and battered after a drunk driving accident she caused, she swallows her pride and goes home to her family in New York. But it’s not easy. She deserted them all—and her high school sweetheart—five years before with little explanation, and they’ve got questions. Sunday is determined to rebuild her life back on the east coast, even if it does mean tiptoeing around resentful brothers and an ex-fiance’. The longer she stays, however, the more she realizes they need her just as much as she needs them. When a dangerous man from her past brings her family’s pub business to the brink of financial ruin, the only way to protect them is to upend all their secrets—secrets that have damaged the family for generations and will threaten everything they know about their lives. In the aftermath, the Brennan family is forced to confront painful mistakes—and ultimately find a way forward, together.

Faith and Wrestling Michael Fessler 2015-09-29 The Bible tells us that believers are transformed by the renewing of their minds. Another way of putting this is taking into captivity every thought to the obedience of Christ. This means learning how to think of all of life, including sport, from a biblical perspective. Michael Fessler’s book is drenched in Christian worldview. Those who wrestle with its truths will be richer for it. I wish that I had been able to drink from its wisdom as a young man but am grateful to be able to do so as an older(er) one. Jack Spates, MDiv, Baptist Bible College & Seminary and former head wrestling coach at Oklahoma University My belief has always been that wrestling is a microcosm of life. Most of the things that we are going to experience in life are going to be experienced in a wrestling career. Michael does an excellent job in paralleling the relationship between faith and wrestling. His book expresses the importance of developing the total athlete:spiritually, physically, emotionally, and socially. I look forward to the day when people (including wrestlers) from every nation, tribe, people and language will gather to worship our God. (Revelation 7:9, 11). Gene Davis, director of wrestling at Athletes in Action and bronze medalist in the 1976 Olympic Games Michael Fessler concisely captures the heart of a Christian wrestler pursuing Gods glory. The book is captivating in combining biblical truths with real-life stories. You will be encouraged and inspired to think about the gospel as greater than athletic glory as Fessler explains the biblical basis for competing. Just as Fessler’s approach to use wrestling as a tool for the gospel, we at Athletes in Action use the sport of wrestling to share the gospel around the world. I highly recommend this book to anyone who is passionate about their faith and the sport of wrestling.
