day and steals food from the family. But the big canine who Travis calls "Old Yeller" proves his worth by defending the family from danger. And Travis ultimately finds help and comfort in the courage and unwavering love of the dog who comes to be his very best friend. Just as *Old Yeller* inevitably makes his way into the Coates family's hearts, this book will find its own special place in readers' hearts.

Jose! Born to Dance Susanna Reich 2020-10-20 José was a boy with a song in his heart and a dance in his step. Born in Mexico in 1908, he came into the world kicking like a steer, and grew up to love to draw, play the piano, and dream. José's dreaming took him to faraway places. He dreamed of bullfighters and the sounds of the cancan dancers that he saw with his father. Dance lit a fire in José's soul. With his heart to guide him, José left his family and went to New York to dance. He learned

to flow and float and fly through space with steps like a Mexican breeze. When José danced, his spirit soared. From New York to lands afar, José Limón became known as the man who gave the world his own kind of dance. ¡OLÉ! ¡OLÉ! ¡OLÉ! Susanna Reich's lyrical text and Raúl Colón's shimmering artwork tell the story of a boy who was determined to make a difference in the world, and did. *José! Born to Dance* will inspire picture book readers to follow their hearts and live their dreams.

sisters, brothers – and even Great Aunt Sue – appear in dozens of combinations, demonstrating all kinds of nontraditional families! Silly animals are cleverly depicted in framed portraits, and offer a warm celebration of family love. From School Library Journal PreS-Gr 1–Imagine a house with many rooms, whose walls each have a different color or wallpaper, accenting a family portrait hanging there. On a rustic wooden wall hangs the first portrait—a large family of ducks posing beside a still pond. The next spread shows three pandas in pink vests, much like the pink oriental wallpaper behind them. Each portrait features a gently rhyming line: "Some children live with their grandparents.../and some live with an aunt./Some children have many

pets.../and some just have a plant." All of these appealing images demonstrate different ways of being a family. "Some children live with their father./ Some children have two mothers./Some children are adopted./Some have stepsisters and–brothers." The cartoon-style critters contrast pleasantly with more realistic elements—a bamboo plant, a slender ceramic dog, a fat ceramic cat. Families of hippos, tigers, lions, ostriches, and whales join the other family groups in the final spread. The loud-and-clear message is that "if you love each other, then you are a family." And imagine the many children who will be reassured because they have found a portrait of a family they will recognize as their own. A solid choice for most libraries.—Mary Jean

Teaching Children's Literature

Christine H. Leland 2022-11-17 Now in its third edition, this indispensable text offers a critical perspective on how to integrate children's literature into the curriculum in effective, purposeful ways.

Structured around three "mantras" that build on each other—Enjoy; Dig deeply; Take action—the book is rich with real examples of teachers implementing critical pedagogy and tools to support students' development as enthusiastic readers and thinkers. The materials and practical strategies focus on issues that impact children's lives,

building from students' personal experiences and cultural knowledge by using language to question the everyday world, analyze popular culture and media, understand how power relationships are socially constructed, and consider actions that can be taken to promote social justice. Each chapter features classroom vignettes showcasing the use of literature and inviting conversation; three key principles elaborating the main theme of the chapter and connecting theory with practice; and related research on the topics and their importance for curriculum. Thoroughly revised, the third edition includes new recommendations for teaching with a critical edge and exploring alternative approaches to standardized assessment. With more

attention to culturally and linguistically diverse learners and addressing new topics such as censorship and controversial texts, the new edition is essential for courses on teaching children's literature and English Language Arts methods, and for every preservice elementary and middle school English teacher. A companion website to enrich and extend the text includes an annotated bibliography of literature selections, suggested text sets, resources by chapter, ideas for professional development, and recommendations for further reading.

Knots in My Yo-Yo String Jerry Spinelli 2009-01-21 Newbery medalist Jerry Spinelli has penned his early autobiography with all the warmth, humor, and drama of his best-selling fiction. And don't miss the author's

highly anticipated new novel, *Dead Wednesday!* "A master of those embarrassing, gloppy, painful, and suddenly wonderful things that happen on the razor's edge between childhood and full-fledged adolescence" --The Washington Post From first memories through high school, including first kiss, first punch, first trip to the principal's office, and first humiliating sports experience, this is not merely an account of a highly unusual childhood. Rather, like Spinelli's fiction, its appeal lies in the accessibility and universality of his life. Entertaining and fast-paced, this is a highly readable memoir-- a must-have for Spinelli fans of all ages.

Me and My Family Tree Joan Sweeney 2018 Following the successful model of *Me on the Map*, Sweeney demystifies an abstract concept by presenting it from a child's point of view. In *Me*

and *My Family Tree*, a young girl uses simple language, her own childlike drawings, and diagrams to explain how the members of her family are related to each other and to her. Clear, colorful, detailed artwork and a fill-in family tree in the back help make the parts of the family--from siblings to grandparents to cousins--understandable to very young readers. **Culturally Responsive Teaching** Geneva Gay 2010 The achievement of students of color continues to be disproportionately low at all levels of education. More than ever, Geneva Gay's foundational book on culturally responsive teaching is essential reading in addressing the needs of today's diverse student population. Combining insights from multicultural education theory and research with real-life classroom stories, Gay

demonstrates that all students will perform better on multiple measures of achievement when teaching is filtered through their own cultural experiences. This bestselling text has been extensively revised to include expanded coverage of student ethnic groups: African and Latino Americans as well as Asian and Native Americans as well as new material on culturally diverse communication, addressing common myths about language diversity and the effects of "English Plus" instruction.
